Who are we?

Heilind Electronics is one of the world leaders in the distribution of electromechanical components such as connectors, switches, relays, sensors and fasteners. We operate in the following industries: MIL / Aerospace, Marine & Industrial, and have subsidiaries in the America, Asia and Europe.

On the market since 1974

40 subsidiaries in the US, Brazil, Canada, Mexico, Germany, Poland, Hong Kong, China, Singapore and throughout Asia

13 warehouses/distribution centers

132 electronics industry partners

Our company represents industry-leading manufacturers and brings the latest products and technologies to its customers. Our experts possess an excellent technical skill set and focus on customers needs by assisting engineers with design issues.

Why Heilind Electronics Europe?

Heilind works with a number of leading logistics partners owns warehouses and inventories all over the world. This gives us high availability and fast delivery – with no minimum order value and a minimum order quantity starting at 1 piece. Heilind supports its customers with fast and reliable RFQ and order processing,technical assistance, value-added services and efficient supply chain management. Heilind is the best choice for cost-efficient and on-time procurement. Heilind certifications correspond to the high-quality standards of:

• DIN EN9100:2018 (based on ISO9001:2015, equivalent to SAE AS 9100D and JISQ9100:2016)
• VG96927 – basic types: A, B, C, D, E.

Heilind Electronics Europe stands out due to:

Knowledgeable technical support

Quick availability

High-quality standards (approved by certificates)

Unsurpassed customer service

Value-Added Assembly Services for MIL/AERO Connectors

At Heilind Electronics Europe, we provide tailored assembly services for MIL-SPEC connectors, leveraging our extensive expertise in the military and aerospace sectors. As an EN 9100-certified facility in Germany, enabling us to perform connector assembly to the highest aerospace quality standards, and an EN 9120-certified distributor in Poland, we deliver high-quality connector solutions that meet the exacting demands of our customers.

Our value-added assembly services allow us to integrate components from trusted manufacturers, reducing overhead and optimizing costs. Whether your requirements involve connectors, backshells, or accessories, we ensure every product meets stringent safety, reliability, and performance standards, essential in the MIL/AERO industry.

From off-the-shelf components to fully customized assemblies, our team works closely with you to meet your specific needs, ensuring full compliance with industry certifications like DIN EN 9100:2018. Contact our specialists to explore how we can support your projects.

Comprehensive Product Range and Custom Solutions

Our Services

- Authorized connector assembly under license
- Extensive inventory of manufacturers' products
- Technical consultancy and design-in services
- Prototype sampling
- Custom logistical solutions
- Contract management
- Flexible payment terms
- Efficient, fast order processing
- ITT service

We Support Our Customers With:

- Repacking components based on your parts list
- Cutting contacts to customer-specific lengths
- Loose part contact cutting
- Laser marking and engraving of plates for various switches
- Switch assembly per customer specifications
- Re-reeling services

Applications

MIL/AERO	INDUSTRY	TRANSPORTATION
Civil and military aviation	Test equipment	Off-road
Marine and submarine equipment	Communication	Railway
Offshore equipment	Medical technology	Generators
Ballistic missiles and weapon systems	Robotics	Motors
Protected vehicles and tanks	Factory automation	Battery systems
Defense and military engineering	Cabin control	Motion control
	Machine tools	Public transport
	Generators	Railway technology
	Data transmission	

Find the best solutions for your company with Heilind Electronics Europe!

Distribution

Thanks to the strategic location of our distribution centers, Heilind Electronics Europe is able to optimize the logistics process and serve our customers even faster than before.

Products

- Connectors
- Terminal blocks
- Wires & cables
- Relays
- Switches & buttons
- Fasteners
- Sensors
- Fans/ventilators & accessory parts

- Product labeling
- Antennas
- Circuit protection
- Fiber Optics
- Hardware
- Sockets
- Terminals

Products offered by Heilind Electronics Europe are used in various industries and their innovation allows us to create solutions for the latest technologies.

- Aviation
- Marine
- Aerospace
- Defense
- Information technology

- Energy
- Automation & control
- Medical sector
- Industry
- Telecommunication

- Home appliances
- Mass transport
- Robotics
- Heavy construction machinery
