

SENSOR SELECTOR GUIDE

HEILIND

Why Heilind Sensors?

Heilind Electronics offers a variety of sensor types for use in many applications and industries, ranging from standard off-the-shelf sensors to customized solutions for the most challenging applications. As a global distributor, Heilind is focused on serving you by providing sensor solutions that deliver:

Focus: The Heilind Sensor team is dedicated to every type of sensor, analogue or digital. The portfolio ranges from MEMS sensors to conventional products.

Choice: We maintain a distinctive portfolio of overlapping sensor technologies that allow you the opportunity to evaluate multiple sensor/supplier options that best fit your design and application.

Support: We offer recognized supplier names in sensor technology, with local field know-how and world-class production facilities.

Custom Solutions: We support a full portfolio of suppliers willing to engage in customized activities and help you transition to scale.

Expertise: We provide in-house technical support that offers form/fit/function options.

Supply: Heilind has an extensive sensor inventory and stocks a broad range of custom products including VMI (Vendor-Managed Inventory).

Hazardous Area Certified: Several of our suppliers offer sensors that are qualified/certified for hazardous environments; including Class I, Class II and explosion-proof certifications.

Heilind Stocks Many Sensor Types, Including:

 Stainless Steel / Ruggedized; Pressure Transducer	 Digital Temperature Sensors	 Board Mountable Differential Pressure Sensor	 Surface Mountable Digital Pressure Sensor	 Stainless Steel / Ruggedized; Pressure Transducer	 Accelerometers
 Passive Infrared Temperature Sensor	 Custom Temperature Probe	 Photo Optical Presence Detection Sensor	 Refrigeration Pressure Sensor (Brass)	 Radial Leaded, Glass-Coated Thermistor (NTC)	 Digital Relative Humidity Sensor
 CO ₂ Sensor	 Reed Switches	 Liquid Level Sensor	 Photomicro Sensor	 Optical/Facial Recognition Sensor	 Current Sensor
 Ultrasonic Level Sensor	 All-in-One Sensor - Pressure, Temperature and Humidity	 NTC Thermistors	 Indoor Air Quality VOC Sensor	 Magnetic Rotary Position Sensor	 Temperature Sensor Probe
 Board Mount Pressure Sensor	 Surface Mount Flag Terminal Temp Probe	 Inline Flow-Through Fluid Temperature Sensor	 Laser Dust Sensor	 Pipe Clip Coolant Temperature Sensor	 Low Power Highly Robust Flammable Sensor

About Heilind

Heilind Electronics is one of the world's leading distributors for interconnect, electromechanical, fasteners and sensor products. We are dedicated to exceeding customer expectations by offering flexible solutions while continually striving for the highest standards in quality, service, delivery, and product offering.

As the industry's preeminent distributor, Heilind stocks an extensive inventory of sensor-related products in worldwide warehouses. We offer sensor solutions from leading suppliers such as Amphenol Sensor Technology Group, CROCUS Technology, Omron, Pressure Sensor Limited, ScioSense, Sensata Technologies, Standex Electronics, TEWA, and TE Connectivity Sensor Solutions.

For over 45 years, Heilind has been dedicated to exceeding customer expectations by offering diverse and deep inventory, innovative supply chain solutions, comprehensive value-added services, no minimum order quantity, flexible policies, fast order handling, knowledgeable technical support, and unsurpassed customer service. We strive to exceed our customers' expectations and add real value to their business.

Voted Best Electronics Distributor

Heilind Electronics has been recognized by market research firm Bishop & Associates as the #1 electronics distributor seven consecutive times. Heilind outperforms every other electronics distributor in terms of on-time delivery, breadth of product offering, sales and technical support, and ease of doing business.

Voted the industry's #1 electronics distributor, Heilind Electronics has an extensive inventory of sensor products in North America and in over 40 locations worldwide.
