

CONTACT HEILIND!

Founded in 1974, Heilind Electronics has become one of the world's leading specialist distributors for connectors and electromechanical components. Today, it has more than 40 subsidiaries in the US, Brazil, Canada, Mexico, Germany, Poland, Hong Kong, China, Singapore, and throughout Asia. The company has been represented in Germany since 2015 with locations in Feldkirchen-Westerham and Holzkirchen, Cologne and Hannover as well as a warehouse in Feldkirchen-Westerham and Rosenheim. In 2019 Heilind opened a new facility in Krakow, Poland.

Heilind has a strong sales organization and technically experienced specialists with a close connection to its customers and manufacturers. This means it can meet their needs quickly and efficiently.

Heilind's line card includes a wide product range from the world's leading manufacturers and can therefore offer its valued customers the best solutions. A large inventory of stocked items means the fastest delivery is guaranteed. In addition, Heilind offers exclusive extra value and services:

- Certified production lines for connectors according to current ABS, EN, MIL and VG standards
- Assembly of switches (also with customer-specific modifications)
- Delivery of small quantities
- Project support – from the idea to the sampling to the series
- Identification products and services of any kind (including printer and associated maintenance)
- Purchasing service for components outside the line card
- Kitting and other work preparatory steps
- Customized logistics concepts – from buffer stock to consignment inventory and VMI concepts
- Support through international service network

Within the MIL/AERO division, Heilind certifications correspond to the high-quality standards of DIN EN9100-2016 and VG96927 basic types A, B, C, D, E. The combination of all this in daily operations fulfils Heilind's motto: "Distribution as it should be." Heilind Electronics - Your trusted connection.
