

About Heilind

Heilind Electronics is one of the world's leading distributors for interconnect, electromechanical, and sensor products. We are dedicated to exceeding customer expectations by offering flexible solutions while continually striving for the highest standards in quality, service, delivery, and product offering.

As the industry's preeminent distributor, Heilind stocks an extensive inventory of sensor-related products in Europe. We offer sensor solutions from leading suppliers such as Amphenol Advanced Sensors, Pressure Sensor Limited, Probes Unlimited, Sensata Technologies, Standex Electronics, and TE Connectivity Sensor Solutions.

For over 40 years, Heilind has been dedicated to exceeding customer expectations by offering diverse and deep inventory, innovative supply chain solutions, comprehensive value-added services, no minimum order quantity, flexible policies, fast order handling, knowledgeable technical support, and unsurpassed customer service. We strive to exceed our customers' expectations and add real value to their business.

Heilind Electronics has an extensive inventory of sensor products in Europe, North America and in over 40 locations worldwide.

Why Heilind Sensors?

Heilind Electronics offers a variety of sensor types for use in many applications and industries, ranging from standard off-the-shelf sensors to customized solutions for the most challenging applications. As a global distributor, Heilind is focused on serving you by providing sensor solutions that deliver:

- **Focus:** Our team is dedicated to sensors and not distracted with silicon-based products.
- **Choice:** We maintain a distinctive portfolio of overlapping sensor technologies that allow you the opportunity to evaluate multiple sensor/supplier options that best fit your design and application.
- **Support:** We offer recognized supplier names in sensor technology, with local field know-how and world-class production facilities.

- **Custom Solutions:** We support a full portfolio of suppliers willing to engage in customized activities and help you transition to scale.
- **Expertise:** We provide in-house technical support that offers form/fit/function options.
- **Supply:** Heilind has an extensive sensor inventory and stocks a broad range of custom products, including VMI (Vendor-Managed Inventory).
